Transition from traditional industrial economy towards green & circular economy

Western Balkans innovations included in European supply chains

Development of regional automotive and agro-food

Boost tourism -> Promoting Western Balkans as a regional tourism destination

European Commission's Economic and Investment Plan makes clear that by increasing regional economic cooperation and trade, Western Balkans will be brought closer to the EU Single Market. The COMMON REGIONAL MARKET Action Plan is an integral part of the region's EU accession process.

COMMON REGIONAL MARKET Action Plan is to be implemented by Western Balkans economies by 2024. RCC and CEFTA will be leading regional organisations to help Western Balkans implement it, together with other regional and international partners in line with their scope of work.

### COMMON REGIONAL MARKET builds on the results of the Multiannual Action Plan for a Regional Economic Area:

We now pay from 86% to 96% less roaming charges in entire Western Balkans

As of July 2021 our roaming charges will be 0 in the

entire Western Balkans

We have our own Western Balkans Digital Summit more opportunities for businesses and people in the digital arena

Increased trade in goods by 25% -> Trade and transport of our products (food, medicines, etc.) are faster in the entire Western Balkans

We can sell or buy majority of services in any other Western Balkans economy

FDI has been increased by 35% since 2016
