Drawing on the successful cooperation with the previous as well as incumbent SEECP C-i-O, the regular Coordination meetings of the SEECP Troika and the RCC Secretariat with the participation of the EU representatives proved to be a very useful tool in providing guidance and enhancing overall coordination.

The RCC SG Mr. H. Bišćević, following the consultations with the new RCC SG and in accordance with the provisions of the RCC Secretariat Personnel Policies and Procedures, has extended the employment contract of the Head of Expert Pool for the period 1st January - 30th June 2013 (the employment contract of the Head of the Expert Pool due to the age limit provisions prescribed in the RCC Secretariat Personnel Policies and Procedures should have been seized on 31st December 2012). The award reflects a growing recognition of RCC's work to bring people in SEE closer together, through dialogue, good neighbourly relations, in an atmosphere of tolerance and cooperation.

III. Priority areas of the RCC Activities

Activities of the Deputy Secretary General and Head of the Expert Pool

In the reporting period, the most important activities of the RCC Secretariat were related to the preparation of the RCC SWP 2014-2016, as well as to the adoption of main objectives and further development of the SEE 2020 strategy. A wide consultation process has been initiated and numerous workshops and brainstorming meetings have been organized.

The RCC Secretariat was intensively involved in different activities organized in the SEECP framework, in particular in preparing a number of sectoral meetings organized by the SEECP C-i-O 2012-2013 and related to the RCC SWP 2011-2013 (parliamentary dimension, ministries of culture etc.), as well as of other events of general importance for the RCC.

The dialogue with the DG Enlargement continued to be regular and substantial, as well as with CEFTA, OECD Investment Compact SEETO, SEECCEL, RESPA and other key partners. Consultations have been regularly held with other donors interested in regional projects (UNDP, OSCE, IBRD, SDC, SIDA, FES, GIZ, HBS, US AID etc).

*This designation is without prejudice to positions on status, and is in line with UNSCR 1244 and the ICJ Opinion on the Kosovo declaration of independence.

Furthermore, RCC Secretariat intensified contacts with other DGs in the EC (DG REGIO, DG MOVE, DG Research, Innovation and Science, DG Education and Culture, DG International Cooperation, Humanitarian Aid and Crisis Response, DG Employment etc) as well as with the specialised units within the European External Action Service for security cooperation area. The RCC Secretariat is further strengthening cooperation with other regional structures in SEE and the Western Balkans as it is shown in detail per each priority area.

The new RCC SG presented main aspects of the SEE 2020 Strategy, as a core part of the RCC SWP 2014-2016, at the Brussels Conference on IPA II, held on 25 January, 2013, and took part in the general debate. As part of its activities of coordinating donor efforts in the region, the RCC Secretariat took part in donor-organized activities such as the 3rd Regional NIPAC Workshop: Reviewing the WBIF Environment and Advancing Regional Investments and IPA Multi-Beneficiary Programme Coordination Meeting. Given the focus of the new multi-beneficiary IPA programme to respond to a common strategic framework with clear results and impacts, it was noted that the IPA II programme development will track the process of the development and implementation of the SEE 2020 strategy, in an effort to align the two as much as possible. Furthermore, the Social Agenda 2020 is expected to respond directly to one of the new priority policy areas of MB IPA, which focuses on employment, social policy and human resources. In that respect, a project coordination meeting was held with the World Bank, DG Enlargement, DG Employment, DG Education, ETF and SEECEL in order to coordinate joint activities to start in 2013.

A permanent dialogue continued with different stakeholders from the region: private companies and associations, NGOs and NGO related organizations (TACSO team, Eco-Social Enterprises Network from SEE, BFPE, SEE Change Net etc), operating RI&TFs and newly established regional networks (Regional Network of Investment Promotion Agencies etc.) discussing the issues and modes of cooperation and developing common activities. The dialogue further widened to include think tanks from the region and beyond (i.e. LSE Network of SEE researchers, Faculty of Social Sciences, University of Ljubljana, Vienna Institute for World Economy) developing and coordinating joint programmes, as well as other EC and IFIs partners. The RCC Secretariat was also represented at the different events relevant for the development of regional cooperation – from think-tank and academic conferences to the EC dialogue with civil society in the region. The RCC Secretariat established and deepened working contacts with regional Civil Society networks in different areas (National Councils of the European Movement from SEE, WB Social Entrepreneurs Network, SEE Public Broadcasting Agencies Network, JHA-related NGOs networks etc) and extended regional coordination with CSO structures.

In preparing the next RCC multi-annual strategy and developing SEE 2020 strategy, the RCC Secretariat is upgrading the relations with other RI&TFs on the programme and project basis through coordinated programming and defining legal framework for joint actions. Coordination and streamlining of the RCC Secretariat activities have been further advanced and an open debate on prioritizing its activities regularly held, especially related to the SEE 2020 framework.

1. Economic and Social Development

Investment and Business Enabling Environment

The 11th SEEIC Meeting co-chaired by the RCC Secretariat and the Republic of Albania, brought together SEEIC Country Economic Teams, representatives of NIPAC offices, EC, international organizations and donor and business community with main objective of discussing and endorsing the initial set of 11 SEE 2020 headline targets. The 9 targets set for integrated, smart, inclusive and sustainable growth within good governance framework in the region until 2020 have been endorsed

by the SEEIC, with two additional targets dealing with entrepreneurship and education being adopted through the written procedure. The SEEIC has also finalized a draft Statement for the Ministerial Conference of the SEEIC, integrating the proposed regional targets into a coherent and ambitious document to guide the further development and implementation of the SEE 2020 Strategy.

The 11 headline targets of the SEE 2020 Strategy have been officially adopted at the SEEIC Ministerial Conference, held in Tirana, Albania, on 9 November 2012. The proposed targets for the SEE 2020 Strategy include growing the region's total value of trade in goods and services to almost quarter trillion EUR, reducing the trade deficit, and growing intra-regional trade in goods by over 230%. The Strategy envisages increasing overall foreign direct investment inflows to the region by at least 120%, increasing GDP per person employed as well as exports per capita, increasing the overall employment rate from 40 to 45%, adding 300,000 highly educated people to the region's workforce and improving government effectiveness by 20% by the end of this decade.

Following the adoption of regional targets, RCC took the first steps towards the development of the SEE 2020 by organizing a series of workshops dealing with specific pillars of the strategy. The workshops were aimed at associating regional platforms with SEE 2020 pillars, identifying main dimensions for policy intervention and laying down a clear roadmap for RCC and its regional partners in this area. The first workshop on Integrated Growth, organized in cooperation with the GIZ Open Regional Funds, identified three main dimensions – trade facilitation, trade liberalization and investment climate - with CEFTA Secretariat and SEEIC taking the lead roles in developing these dimensions further.

The second workshop was organized within the Inclusive growth pillar of the SEE 2020 Participants included representatives of Ministries of Labour and Social Policy, forming an inter-governmental working group which was also joined by various regional and international organizations. It was agreed that a regional strategy in the areas of employment would be formalized. Further important dimensions of the inclusive growth pillar include education and health. This work will build on the knowledge accumulated during the regional events organized by the RCC Secretariat and FES during the previous two years.

Finally, a third workshop held within the Smart Growth pillar of the SEE 2020, was attended by the representatives of regional and international organizations in the areas of education, culture and creative industries, which discussed the ways and part takers in the pillar development, implementation and prospective monitoring. The ERI SEE, Regional Research Platform, Task Force on Culture and Society and e-SEE Initiative were identified as respective coordinators for the dimensions of (i) education, (ii) R&D and innovation, (iii) cultural and creative industries, and (iv) digital society. Two additional workshops on Sustainable growth and Governance for growth pillars of SEE 2020 are envisioned by the end of February 2013.

Two standing Working Groups, on Innovation (WGI) and Investment Policy and Promotion (WGIPP), of the SEEIC have been formed. WGI, comprised of the Western Balkans administration representatives from the sectors of industrial competitiveness, innovation, and business incubators, held its first study tour under the auspices of the SEEIC, to the AREA Science Park in Trieste, obtaining an insight into improving business innovation, and exploring opportunities for transfer of knowledge and technology in this field of expertise. First meeting of the WGIPP is scheduled for last week of February, in support to the development of the integrated growth pillar of the SEE 2020.

Also, a comprehensive Communication strategy has been developed to help guide the efforts of the RCC and SEEIC in spreading out the message on SEE 2020 importance to stakeholders and partners within and outside of the region. During December 2012, RCC also partnered with the EU

Delegation in Sarajevo to hold a series of briefings to the officials in Bosnia and Herzegovina on the SEE 2020 Strategy and the framework of the upcoming IPA II.

Following the official launch of the SIDA-financed project Women Entrepreneurship (WE) – a job creation engine for SEE, the implementing agencies coordinated by the RCC Secretariat, have successfully executed national launches of the Project. Key experts have been selected as coordinators of the Working Groups to be established to support the project implementation, along with two key international experts for two project pillars: WE Indicators and WETNAS. Preparatory activities have been undertaken in finding the best solution for producing the first database on WE in each country. Among other activities, the Project also took part in different national events organized in countries of the SEE region and in dissemination of the information on the WE project. This Project aims to raise awareness on the specifics of the entrepreneurship of women in the region and to enhance the capacities of women entrepreneurs' networks and associations through constructive policy dialogue between public and private sectors in line with Small Business Act for Europe.

Access to Finance

The RCC Secretariat took part at the launch event of the Western Balkan Enterprise Development and Innovation Facility (EDIF) which is a novel and comprehensive set of complementary measures for improving access to finance for SMEs (Small and Medium Enterprises) and helping economic development in the Western Balkans. WB EDIF is to promote the emergence and growth of innovative and high-potential companies, as well as the creation of a regional venture capital market. The 145 million EUR of initial capital pulled together under this facility by the EU, international financial institutions (IFIs), beneficiaries and bilateral donors will effectively translate into over EUR 300 million of direct financing for SMEs in the region. The RCC Secretariat will actively work on supporting this instrument going forward and will, together with its partners, explore EDIF's links with the SEE 2020 Strategy.

The RCC Secretariat participated at the 7th meeting of the WBIF Steering Committee which gathered representatives of the EC, partner IFIs (EBRD, EIB, KfW, the World Bank and the CEB) and of both the beneficiary and donor countries. The Steering Committee meeting, co-chaired by Austria and the EC (the CEB ensuring co-chairmanship of the "Project Financiers Group" (PFG)), approved € 11 million of grants for key infrastructures. These grants are expected to leverage loans from the IFIs in the region of € 586 million. The Steering Committee emphasized the importance of aligning the WBIF objectives with regional strategies, with particular emphasis on the SEE 2020 strategy.

Social Development

The RCC Secretariat and Friedrich Ebert Foundation co-organized the third regional conference on the theme New Skills for New Jobs in the Western Balkans that brought representatives of governments, social partners, researchers from the Western Balkan countries, the SEE Centre for Entrepreneurial Learning and international institutions (EC, WB, ETF). Based on the deliberations of these events, a regional position paper on skills and jobs has been prepared that will serve as a platform for guiding future actions in this field. It highlights the need to increase coordination and synergies among key stakeholders in the skills and labour markets, to improve data and analysis for better evidence based policy making, and to ensure education, training and lifelong learning become more responsive to the current and future labour market needs.

The RCC Secretariat took part in the Social Sector Workshop organized by the IFI Coordination Office which was used as an opportunity to review new developments regarding IPA II and the SEE 2020 development and discuss the need for a strategic framework to guide social investments. In regard to the social sector, inclusive growth is viewed as a key pillar and the World Bank under the EC/World Bank/RCC Partnership on Inclusive and Social Development and ETF's programmes should be key technical advisors under this pillar. The network of social sector officials developed under the RCC's Social Agenda can provide a valuable regional platform to advance work under this pillar. It will also be crucial to ensure coherence between the SEE 2020, its 2020 Social Agenda and the Structured Policy Dialogue in the area of Employment and Social Reform Programmes that the Commission/DG EMPL is about to launch. It was agreed that parallel agendas should be avoided.

The RCC Secretariat participated at the 30th meeting of the South Eastern Europe Health Network (SEEHN). The Secretariat of the SEEHN has been established in Skopje and members of the network focused their discussions on the need for strategic planning in implementing the Banja Luka Pledge on health in all policies. The RCC representative emphasized the importance of health as an important pillar of the Social Agenda 2020, alongside employment and education. Simultaneously, the horizontal dimension of health can play a part in all other priority areas through specific objectives or indicators that contribute to better health outcomes. RCC agreed with the SEEHN to jointly propose a health focused contribution to the Social Agenda 2020.

The RCC Secretariat took part at the 3rd National IPA coordinators workshop. The social session, chaired by the RCC representative, emphasized the need to identify concrete regional social infrastructure projects that can contribute to achieving the objectives of the SEE 2020 strategy.

Transport

The RCC Secretariat submitted to the WBIF an Application Form for funding of the Study on the Importance of Air Transport Sector in Enhancing Economic and Social Development and Cooperation in the SEE to the Western Balkans Investment Framework. Although the Application Form received a positive screening and ranked at a high technical level, the project was rejected at the WBIF Project Financiers Group with a comment that is not right time for a very specialised project. Having in mind that this initiative has been strongly supported by the national administrations, civil aviation authorities and air industry in the region, as well as several NIPACs, RCC intends to continue with the activities on its realization in the coming period. This Study should give a more comprehensive picture of the development of the air transport sector role in supporting the economic growth in the region.

The main topics of the event will be the strategy of railway traffic development, safety issues, infrastructural planning and operations, available financing instruments, environmental aspect and interoperability.

The RCC Secretariat participated at the 8th Annual Meeting of Transport Ministers on the Development of the SEETO Comprehensive Network. The event was an opportunity to enshrine the established regional transport cooperation and to give further fresh impetus for catching up the European integration processes in the area of transport. The participants welcomed the future Regional Transport Study which will update REBIS Study and serve as a ground for definition of investment plan for removal of physical and non-physical barriers in the region. They also encouraged the established cooperation with other relevant regional organizations, notably with the CEFTA Secretariat and the RCC in achieving the common aims to tackle the urgent horizontal policy and infrastructure issues.

Environment

The RCC Secretariat continued to support the implementation of the EU Strategy for the Danube Region (EU SDR), in particular by promoting ``bottom-up`` approach and integrated approach as well as by assisting other institutions and initiatives relevant for EU SDR implementation. In that respect, the RCC Secretariat agreed with the representatives of the International Commission for the Protection of Danube River (ICPDR) and the Ministry of Foreign Trade and Economic Relations of Bosnia and Herzegovina chairing the Commission, on organizing joint event which will promote ICPDR implementation activities primarily in relation to water quality and will mobilize less active Danube Region countries in the implementation of the EU SDR. As an important trend for the near future, the regional ownership is increasing, while the associate member’s contribution is decreasing. The European Commission has contributed within its TAIEX funding mechanism. It was mentioned that the three areas of the RACVIAC’s activities are not equally covered. The recommendations identified opportunities for regional cooperation as well as actions needed at the national level in order to advance the modernisation and reform process.

The RCC Secretariat took part at the meeting of the Steering Platform on Research for the Western Balkan co-chaired by the Cyprus Presidency of the Council of the European Union, Serbia - who hosted the event on behalf of the Western Balkan Countries - and the European Commission DG Research and Innovation. It gathered representatives of Ministries of Science from the Western Balkan countries and EU Member States as well as representatives of international initiatives and organizations (WBC-INCO.NET, SEE-ERA.NET Plus, COST, and Eureka). The participants shared a joint view on strong correlation between the measures taken at national level to strengthen the research and innovation capacity and successful participation in Horizon 2020. In this context, the importance of synergy between Horizon 2020, the Structural Funds, IPA as well as the Smart

Specialization Strategy was emphasized. The Platform welcomed the efforts of RCC on the development of the SEE 2020 Strategy, with a view on potential possibilities for continuation of the role done by Steering Platform and WBC-INCO.NET.

The main activities of the RCC Secretariat were focused on supporting the RCC Task Force on Culture and Society (TFCS). The fourth Meeting of the TFCS adopted the Narrative Report on the activities of the TFCS Secretariat for the period 15 June – 1 October 2012, the Communication Strategy aiming to enhance both internal and external communication and promotion of the Ljubljana Process activities, as well as the project Training Strategy, focusing on training in the methodology and in progress monitoring. TFCS was informed on planned activities and application procedures for the 0.5 mil € grant, signed by the EC and the RCC in August 2012. The EC member of the TFCS presented the proposal for the European Commission's decision to provide additional 3 mil € grant to Ljubljana Process.

In relation to the implementation of the 0.5 mil € grant, all the TFCS members participating in Ljubljana process expressed their concern regarding the rule for obligatory co-financing of the planned activities envisaged with the Grant Contract. The main reason for raising this issue was the fact that in almost all countries national budgets (including for the institutions responsible for the implementation of the Ljubljana Process) for 2013 have already been adopted, but without allocating the costs of the planned project activities. Therefore, countries asked the EC and RCC, as signatories of the Grant Contract, to consider undertaking appropriate steps that would enable smooth implementation of the project activities. The RCC Secretariat sent a letter with relevant documents, proposing to the EC that the necessary changes in the text of the Grant Contract are made, allowing successful continuation of the planned activities.

The Ministerial Conference on National Museums in South East Europe – Status, Management and Partnerships, co-organized by the RCC Secretariat, Ministry of Culture of the host country and the RCC TFCS, under the framework of the SEECPC C-i-O for the period 2012-2013, was held in Skopje. The conference, as the first high-political-level event devoted to museums in SEE, gathered ministers of culture from the region, directors of national museums, as well as representative of the European Commission, International Council of Museums and the United Nations Educational, Scientific and Cultural Organization. Ministers adopted a Joint Statement, setting the ground for establishment of the South East European Museums Network, which will enhance cross-border cooperation between these cultural institutions, aiming to develop projects at regional and international level.

The RCC Secretariat has been engaged in the process of exploring the ways for realizing of the initiative of establishment of the Regional Film Fund. The initiative follows the interest the countries of SEE expressed in the Declaration of the Annual Meeting of the Council of Ministers of Culture of South East Europe (CoMoCoSEE), held in Belgrade in April 2012 and the conclusions of the Regional Film Forum, held during the Sarajevo Film Festival in July 2012. Establishment of the Regional Film Fund would complement available funds at national and the European level (EURIMAGES, NORDISK FILM & TV FOND), with the aim of strengthening cross-border market for audio-visual works in SEE. It would also channel public funding into independent audio-visual projects from the region with a view to creating multiplier effect for generating further investment, thus producing the potential for larger returns from this growing market, strengthening the companies and achieving sustainability for the sector.

Parliamentary Cooperation

The RCC Secretariat participated at the International Conference 15 Years of SEECP Parliamentary Dimension - Past, Presence and European Future of Region, organized by the Parliament of the SEECP C-i-O, for the period 2012-2013, in Skopje to mark the 15-th anniversary of Parliamentary Cooperation in SEE. The main scope of the event was to give an insight of the beginnings, achievements, challenges and perspectives of the inter-parliamentary cooperation in the region, in the context of the European integration processes. The conference was an occasion to underline the important and remarkable role of the parliamentary dimension on evolving the SEECP into an authentic voice of the region, as a dynamic forum for dialogue and cooperation. The conference emphasized that is time for the regional cooperation to gain momentum.

The RCC Secretariat took part at the seventh meeting of SEECP Parliamentary Dimension Working Group organized by the Parliament SEECP C-i-O for the period 2012-2013 which was attended by all its members. The agenda of the meeting included discussions on the Comprehensive Report, which represents an analysis of the existing proposals for the future of the SEECP PD (National Assembly of Sofia and Grand National Assembly of Turkey) with a view to find the most appropriate formula to overcome the present bottleneck encountered in the process of discussing the future of the SEECP PD. The participants of the SEECP PD WG are expected to propose a decision on the future shape of the SEECP PD by the end of the current SEECP CiO.

The RCC Secretariat attended the Meeting of the European Parliament with National Coordinators for Parliamentary Cooperation in Western Balkans and Turkey, for the assessment of the parliamentary seminars in 2012 and the Support Programme for WB parliaments during 2013. The programme of parliamentary seminars in 2012 was discussed, based on the content and quality of debate, choice of dates/timing, logistical and financial aspects etc. Representatives of EP from Directorate D, Democracy Support Directorate and of the Institutional Cooperation Unit expressed satisfaction regarding the cooperation with the RCC Secretariat in organizing common activities in the region and readiness to continue with this cooperation in the future.

The RCC Secretariat took part at the eighth meeting of SEECP Parliamentary Dimension (PD) Working Group organized by the current SEECP C-i-O. The meeting continued the discussions on the future of the SEECP PD with a view to find the most appropriate formula for transforming the SEECP PD into a SEECP Parliamentary Assembly. The discussions were focused on the criteria for the creation of the Secretariat and the budget for functioning of the future SEECP Parliamentary Assembly. The issue will be further discussed in order to submit a common proposal to the next Conference of Speakers of Parliaments of SEECP Participating states.

IV. Operation of the RCC Secretariat

A remaining open issue related to the setting-up of the RCC Secretariat concerns the implementation of the provisions of the Headquarters Agreement between the Kingdom of Belgium and the RCC Secretariat, which regulates the status of the RCC Secretariat's Liaison Office in Brussels. The Kingdom of Belgium has conditioned the implementation of relevant provisions of the Headquarters Agreement between the Kingdom of Belgium and the RCC Secretariat providing for the fiscal privileges and immunities of the Head and Deputy Head of the RCC Secretariat's Liaison Office in Brussels with the issuing of an official authentic interpretation concerning the implementation of Article 17.1.(d) of the Agreement between the Council of Ministers of Bosnia and Herzegovina and the Governments of the other SEECP Participating States, the United Nations Interim Administration Mission in Kosovo on behalf of Kosovo in accordance with the United Nations Security Council

Resolution 1244, on the Host Country Arrangements for the Secretariat of the Regional Cooperation Council (Host Country Agreement) by the Parties to this Agreement in which the principle of taxability of the officials of the RCC Secretariat in their countries/places of origin and/or permanent residence would be explicitly confirmed. After a consultation procedure initiated by the RCC Secretary General in August 2008 it became evident that the adoption of an interpretative declaration amending the Agreement would not be acceptable to some of the Parties to the Host Country Agreement, as they consider that such declaration would run counter to the spirit of the current provisions of the Agreement and would lead to its *de facto* amendment. In light of the principles of general international law, the only recourse in this situation would be to proceed with amending the Host Country Agreement accordingly, in light of the request from the Kingdom of Belgium. This, however, remains subject to the will of the Parties to the Host Country Agreement. In this view, the RCC Secretary General sent a communication to the authorities of Bosnia and Herzegovina in early January 2009, proposing to the Council of Ministers of Bosnia and Herzegovina as a Party to and, at the same time, a depositary of the Host Country Agreement to consider the possibility of initiating the process of amending relevant provisions of the Agreement in order to provide for requested confirmation of taxability. This proposal of the RCC Secretary General is still under consideration by the authorities of Bosnia and Herzegovina.
